SKIP THE LINE tour T3 AM - Vatican Museums | Sistine chapel | St. Peter's Basilica

Not only the complex of the Vatican Museums makes up the largest museum in the world, but it is also one of the world's most visited, with more than 6 million people accessing it in 2018. In such a place, queues can be pretty long and touring can become stressful, that's why choosing one of the Vatican Museums' official tour operator partners makes a big difference. After meeting your professional guide at our meeting point, you'll be given a headset and you'll reach the Vatican Museum's entrance, in a group of no more than 30 people. This less stress guided tour will grant you a real skip-the-line, faster access through the exclusive official partners' entrance, saving you the hassle of waiting in line for several hours. You'll tour the gallery, visiting all those main spots you've heard about like the Gallery of Maps, the Gallery of Tapestries, the Borgia Apartments. The guide will tell you everything about the Raphael Rooms and their exceptional frescoes, including The School of Athens, and will bring you to the Sistine Chapel, whose ceiling is one of the cornerstone works of High Renaissance art. The tour couldn't be complete without a visit to St. Peter's, the Basilica that isn't only the largest church in the world, but that contains several pieces of fine art: think the canopy designed by Gian Lorenzo Bernini or the Pietà by Michelangelo. And to top it off, gaze the majestic St. Peter's Square, the open space which lies before the Basilica, redesigned by Gian Lorenzo Bernini and being itself an architectural masterpiece of the Baroque age.

But what makes this tour one of our top-rated experiences, is that it'll give you access to a couple of places that are usually closed to the general public, such as the Vatican Gardens and the Bramante Staircase: a privilege that we can offer to our guests at no additional cost for being one out of three Tour Operator Partners of the Vatican Museums. The Vatican Gardens include a variety of buildings, fountains, sculptures and monuments from the 9th

century to the present day, among vibrant flower beds, topiary, green lawns, and several trees. The Bramante Staircase is the first, historical staircase that inspired generations of architects: designed in 1.505 by Donato Bramante himself, its shape was built to allow people and animals to go up and down without interruption, but, above all, to let Pope Julius II enter his private rooms without getting off his carriage. Visiting them will inspire the aesthete in you and will turn a regular trip to the museum into an experience that is sure to please anyone with a soft spot for anything secret and off-the-beaten-track. Tour ends in the Vatican area.

tour 4 PM - Basilicas and Secret underground Catacombs tour

Basilica of St. John in Lateran •visit inside• | Holy Staircase | Catacombs of St. Callixtus •visit inside• St. Mary Major Basilica •visit inside•

Rome's churches are among the most beautiful and ancient in the Western world: spend an afternoon discovering some of them on this guided tour. Either wait for us at your centrally located hotel or save some dimes and reach us at our meeting point, where you'll meet your professional guide who'll provide you with a convenient audio receiver and earphones, to make sure you won't miss a single word. We'll visit Saint Mary Major, an ancient, stunning basilica. It was built on the summit of the Esquiline Hill: its original architecture was classical, maybe to convey the idea the place represented the ancient Imperial as well as the Christian Rome. Despite several additional construction projects and damages, the basilica retains the core of its original 442 AD structure. Even more ancient, Saint John Lateran Basilica: the oldest public church in Rome as well as the highest-ranked papal major basilica. It stands over the remains of a military Roman imperial fort established in AD 193 that was later converted into a place of worship and suffered several damages due to earthquakes and fires: the stunning façade as it appears today was completed in 1.735. In the nearby, the Scala Sancta (the Holy Stairs): white marble steps encased in wooden ones. According to Catholic tradition, they formed the

staircase leading up to the praetorium of Pontius Pilate in Jerusalem on which Jesus stepped during his Passion. And talking ancient, the Catacombs of St. Callixtus deserve a visit: these underground burial places, outside the walls of the city, were carved through tuff, a soft volcanic rock. More than fifty martyrs and early Popes were buried in this huge graveyard. The tour ends in the city center.
