## tour T8 PM - Discovering Rome by night

## tour T9 PM - Rome by night & Dinner

**Trevi Fountain | Pantheon | Navona square | Castel Sant'Angelo (outside)  
St.Peter's Basilica (outside) and Square | The Mouth of Truth | Tiberina Island  
Circus Maximus | Palatine | Colosseum (outside)**

At night, Rome turns into one of the most romantic places ever: join us on this combined bus and walking tour under the moonlight! You can either reach us after dinner or you can spoil yourself: wait for us to pick you up at your centrally located hotel and join us on just in time for a nice Italian meal. Then, in a group of no more than 30 people and with a professional guide, we'll stroll around the stunning city center of Rome, the Eternal City. Close your eyes, throw a dime over your right shoulder straight into the Trevi Fountain: it's said that those who do so, are granted to come back to Rome someday. Walk into Piazza Della Rotonda and enjoy the lit view of the Pantheon, the former temple of Marcus Agrippa later converted into a church: this is the only ancient Roman temple that remained untouched through the centuries and it's stunning at night when the crowds are away. Reach Piazza Navona, with the Bernini-designed Fountain of the Four Rivers: the legend says that the author positioned the Rio de la Plata river personification as if it was fearing the facade of the church in front of it, built by his rival Borromini. Our night tour will turn even more spectacular when we'll board our motorcoach. We'll pass close to Castel Sant'Angelo, the former Mausoleum of Hadrian turned by the popes into a fortress that is directly connected to the Vatican; we'll see the majestic beauty of the lit dome of St. Peter's Basilica and the romantic charm of the tiny Tiberina Island; we'll cross the river Tiber to get to the Mouth of Truth, which became a legend after the release of the classic movie Roman Holiday. The motorcoach tour will continue overlooking Circus Maximus and the Palatine Hill and will end close to the Colosseum: glowy with a suggestive yellow light, the symbol of Rome stands quiet and majestic at the heart of the Eternal City. The tour ends in the Colosseum area.

## tour T5 AM - Tivoli and its villas

**Tivoli | Villa Adriana •visit inside• | Villa d'Este •visit inside•**

Visit Tivoli, an ancient resort area famed for its beauty and its A few kilometers away from Rome, there's a world-renowned town, hosting two UNESCO world heritage sites:Tivoli. It's here that, back in the 2nd century AD, the emperor Hadrian built his majestic villa: a luxury country residence where he used to retreat and where he lived his late years. The huge complex includes more than 30 buildings, several swimming pools, former thermal stations and covers an area that's larger than a square kilometer, which gives quite an idea of this place's aim: to show the greatness, opulence and vast power of the emperor. In the 16th century, much of the remaining marble and statues were removed from Hadrian's Villa by Cardinal Ippolito II d'Este, to decorate his own villa located nearby: Villa d'Este, another UNESCO world heritage site. Largely frescoed on the inside, the Villa is surrounded by a unique garden, displaying a complex system of pools, water jets, channels, fountains, cascades, and water games. And what makes this system of fountains such an incredible masterpiece of engineering is that it works entirely by the force of gravity, without pumps. Leaving Rome in the morning, you'll have half a day to enjoy these architectural beauties accompanied by a professional guide, who'll provide you with an audio receiver and earphones: you won't miss a single detail! And you don't even need to wrap your head around how to reach Tivoli: you can either opt for our pick-up service from your centrally located hotel or save some dimes and reach us at our meeting point. We'll take care of both transportation and entrance tickets, all you have to do is relax and enjoy the trip. The tour ends in the city center.

## tour T6 PM - Summer in the Roman countryside: local food and wine tasting

Summer in Rome can be a real scorcher so, among sightseeing in town, try something different and do as the locals do. Rome's inhabitants love to reach the countryside and often choose to visit the Castelli Romani area. Castelli Romani means Roman Castels, as the towns in this region are mostly born around Medieval fortresses: they are charming and worth seeing. On top of this, the local cuisine features several delicious recipes: the local wines are amazing and the porchetta, the roasted pork Ariccia-style, is a traditional and well-appreciated dish all around the country. It's usually a fraschetta, a casual osteria-type restaurant, the place that serves these delicacies. In the olden times, the habit was that of nailing a vine twig on the cellar's entrance in order to advertise a new vintage. Hence the name fraschetta, meaning little leafy twig. Ariccia is also the city where Gian Lorenzo Bernini designed Palazzo Chigi and the church of Santa Maria Assunta; you'll also visit Castel Gandolfo, a lovely city on the lake that goes by the same name. So, join us: we'll pick you up at your centrally located hotel and we'll arrange transport from Rome and back, so you don't have to worry about anything. You'll tour the Castelli towns in a group of no more than 20 people, accompanied by our local food connoisseur guide, who'll be more than happy to advise you and take you out for dinner to let you enjoy a truly authentic local experience.
